The Maternity Emergency Care course is designed to enable the remote and isolated health workforce to develop the knowledge and skills necessary to provide emergency care for expectant mothers and their babies.

MEC - Maternity Emergency Care | CRANAplus Caesarean section, also known as C-section, or caesarean delivery, is the use of surgery to deliver babies. A caesarean section is often necessary when a vaginal delivery would put the baby or mother at risk. This may include obstructed labor, twin pregnancy, high blood pressure in the mother, breech birth, or problems with the placenta or umbilical cord.
